## OliPop – new flavors

Folks can't get enough of these low-sugar sodas, so we're adding a few more varieties! ## Peace Coffee Birchwood eco-pods

Pod-based coffee makers can make brewing your morning joe easy-peasy, but the pods themselves are less than friendly for the planet. Leave it to local, socially conscious Peace Coffee to find a solution! Featuring their popular fair trade Birchwood blend, these pods are fully compostable.

\$13.99  LOCAL

## Deli

## French silk pie

Baked fresh at the Lakewinds bakehouse, the new French silk pie is (unsurprisingly) silky smooth and creamy as can be! Like everything else from the deli, it's made from many of the same ingredients you'll find on our shelves.

## Olli soppressata salami

Now available for slicing, this salty, spicy salami is ideal for making deli-style Italian subs at home. Planning a charcuterie board for the holidays? Soppressata pairs wonderfully with any combo of cheese, olives, and fruit.
